What we love about this neighbourhood:

CAMDEN TOWN LOCK – One of London's top 10 most famous and most visited destinations

Camden has a labyrinth of open-air markets and other stores that will keep even the keenest shoppers busy, such as: Camden Lock Market – selling crafts, books, clothing, jewellery and fast food.

Camden Lock Village – clothing and accessories, as well as a range of unusual items and in Camden Market selling fashion for all tastes.

Stables Market a mix of permanent shops and stalls selling household items, antiques, alternative clothing and food.

There is also an indoor fashion market at the Electric Ballroom, which is only open on Sundays.
